**Rowena Cherry's MATING NET wins the Best E-Book: Fiction of the Best Books
2006 Book Awards**

Ottawa, ON – Rowena Cherry's MATING NET is awarded the USABookNews.com Best E-Book: Fiction Award. USABookNews.com is the premiere online magazine and review website for mainstream and independent publishing houses.

MATING NET is the prequel to Ms. Cherry's award nominated debut novel FORCED MATE, a futuristic romance released in 2005. "MATING NET began as a paragraph of backstory in FORCED MATE. Because the heroine gets into bed with the wrong god -- first-- it never occurred to me that it was a publishable story, let alone a potentially award-winning romance," says the award winning author. "I am thrilled that MATING NET has been honored with this award."

Rowena Cherry's next book is INSUFFICIENT MATING MATERIAL published by Dorchester due out February 2007. Ms Cherry currently lives in Michigan with her husband and daughter.
